

Congratulations to our IT4K12 2014 Prize Winners! Coming to IT4K12 has more benefits than just great info and people...it also includes prizes! Check out the winners below to see if someone from your school district won to congratulate them (or covet them!).

A special Thank You to our vendors/sponsors for the generously donated and desirable prizes they provided for our event. Their support and involvement is what drives IT4K12 and their product knowledge is needed. We look forward to seeing you all again next year!
